

- A night for War Child -

RECIPE FOR EDUCATION

A CULINARY LEARNING CHARITY EVENT

On **Monday, May 15th 2023** War Child Support Switzerland is organizing a Recipe for Education at Vitznauerhof Hotel, Lake Lucerne: an exclusive experience for a limited number of guests with an amazing line-up of world class chefs, with a focus on learning during an educational carousel in the afternoon and an exceptional culinary experience in the evening.

The purpose of War Child Support Switzerland is to support and create awareness about War Child, and their mission: **We believe no child should be part of war. Ever.** For this edition of A night for War Child we have partnered with Fundaziun Uccelin - **Wings for gastronomic dreams** - a foundation that was set up by the most well-known chef in Switzerland, Andreas Caminada.
